ECCPM FORUM 2026

SEPTEMBER 14-16, 2026 | GRAZ, AUSTRIA

WORKSHOPS

Monday, September 14, 2026

LOCATION: Inffeldgasse 13, 8010 Graz

TOUR D'HORIZON WORKSHOP TOPICS **11:00 - 12:00**

Introduction to RCPE, and an overview of the workshops.

NETWORKING SNACK **12:00 - 12:30**

WORKSHOPS **12:30 - 15:30**

Workshop 1: Hands-on mechanochemistry – When the world needs you to shake things up [brought to you by WAB]

Workshop 2: Development and application of soft sensors for pharmaceutical quality control

GROUP PHOTO & BUS CHECK-IN **15:30 - 16:00**

NETWORKING EVENING “VINES & VIBES” **16:00 - 22:00**

Join us for an evening of networking and regional cuisine at Buschenschank Machater, sponsored and hosted by Human.technology Styria Cluster.

Please register for the "Vines & Vibes" networking evening via the ECCPM website.

RETURN TRIP BY BUS TO GRAZ

TU Graz Inffeldgasse 13, 8010 Graz and city center drop-offs.

ECCPM FORUM 2026

SEPTEMBER 14-16, 2026 | GRAZ, AUSTRIA

FORUM

Tuesday, September 15, 2026

LOCATION: Rechbauerstrasse 12, 8010 Graz

REGISTRATION & EXHIBITION 08:30 - 09:30

OPENING SESSION 09:30 - 12:00

BUILDING RESILIENT PHARMACEUTICAL SUPPLY CHAINS

Opening statements
Landesrat Willibald Ehrenhöfer, Heinz Mayer and Johannes Khinast

Securing medical countermeasures for crises: innovative industrial policy tools at the service of Europe's resilience
Ilaria Del Seppia, DG HERA

Making medicine shortages visible: Transparency for better preparedness
Beatrix Linke, IQVIA

Panel Discussion
- Ilaria Del Seppia, DG HERA
- Rudolf Zauner, Federal Ministry of Defence
- Stephanie Jedner, Sandoz
- Johannes Khinast, RCPE
- Kasper Ernest, GIRP

Moderator: Caroline Schober, RCPE

NETWORKING LUNCH & EXHIBITION 12:00 - 13:00

SESSION 1 13:00 - 14:30

ADVANCES IN DRUG SUBSTANCE MANUFACTURING

Agility by design: Driving smart manufacturing through hybrid flow & batch integration
Keynote: Lana Borukhova, Sanofi

FAST: Pfizer's journey into continuous manufacturing
Clifford O'Ciardha, Pfizer

PHARMECO - Advancing safe and sustainable by design practices in pharmaceutical manufacturing
C. Oliver Kappe, RCPE / UNI Graz

Hands-on mechanochemistry: When the world needs you to shake things up
Philippe Roth, WAB

COFFEE BREAK & EXHIBITION 14:30 - 15:00

Agenda as of September 8, 2026

ECCPM FORUM 2026

SEPTEMBER 14-16, 2026 | GRAZ, AUSTRIA

AGENDA

FORUM

Tuesday, September 15, 2026

LOCATION: Rechbauerstrasse 12, 8010 Graz

SESSION 2

15:00 - 16:45

EMERGING TECHNOLOGIES IN DRUG PRODUCT MANUFACTURING

Evolving manufacturing strategies at Vertex – From continuous manufacturing to hybrid development

Keynote: Alexandre Bonnassieux, Vertex Pharmaceuticals

Advanced drug product manufacturing technologies for pulmonary delivery

Vincenzina Salvato, Chiesi Farmaceutici

Solubility enhancement via In-Silico Co-Crystal screening

Daniel Bischof, Merck KgaA

Dynamics of powder tribocharging in continuous drug product manufacturing

Amrit Paudel, Johnson & Johnson

Continuous tableting: accelerating the journey from emerging technology to mainstream manufacturing - real-world insights

Filipe Ataíde, Hovione

Reducing tribocharging in pharmaceutical powders: Evaluating additive effects with GranuCharge

Giuseppe Rosario Del Sorbo, Granutools

NETWORKING APÉRITIF & EXHIBITION **16:45 - 17:45**

NETWORKING DINNER **FROM 18:00**

Join us for a welcome drink and networking before dinner at Das Promenade.

Dinner will be served at 19:00. We kindly ask all participants to arrive on time.

VENUE LOCATION: Erzherzog-Johann-Allee 1, 8010 Graz

ECCPM FORUM 2026

SEPTEMBER 14-16, 2026 | GRAZ, AUSTRIA

FORUM

Wednesday, September 16, 2026

LOCATION: Rechbauerstrasse 12, 8010 Graz

SESSION 3

09:00 - 10:45

ADOPTION OF ADVANCED DRUG PRODUCT MANUFACTURING

Manufacturing Europe's resilience – Securing medicines in a fragmented world

Keynote: Stephanie Jedner, Sandoz

Moving from machine parameters towards product quality attributes: A paradigm shift in tablet compression control?

Thomas Brinz, Syntegon Pharma Solid

Contribution of high-speed in line inspection to automated and DoE based development of tablets

Sven Borchert, Pharmatec

Integrated PAT for advanced drug product manufacturing: Combining raman and laser diffraction analytics

Julia Großeheilmann, Horiba Europe

A new continuous oligonucleotide synthesizer

Karsten Keller, OligoStream Industries

COFFEE BREAK & EXHIBITION **10:45 - 11:15**

SESSION 4

11:15 - 13:15

DIGITAL & GREEN (TWIN) TRANSFORMATION

Developing sustainable standardised manufacturing solutions using the ConsiGma Direct Compression platform

Keynote: James Holman, GEA

From pharma's R&D rush to Next-Gen facilities: How project delivery is bridging the AI gap

Thomas Maischberger, ZETA

AI and robotics for sustainable drug product design

Daniel Markl, University of Strathclyde

Tiered microplastics assessment of polymeric excipients: A regulatory framework for green compliance under EU REACH

Sara Fathollahi, DFE Pharma

Teaching machines the physics of powder: Digital twins for continuous manufacturing

Nicolin Govender, Advanced Research Computing, University College London

InSilicoTrials digital twins in CMC: From physical trials to virtual processes for a greener pharma

Luca Emili, InsilicoTrials

ECCPM FORUM 2026

SEPTEMBER 14-16, 2026 | GRAZ, AUSTRIA

FORUM

Wednesday, September 16, 2026

LOCATION: Rechbauerstrasse 12, 8010 Graz

NETWORKING LUNCH & EXHIBITION 13:15 - 14:15

SESSION 5

14:15 - 16:15

MODELING & DIGITALIZATON

Systems engineering approaches for model based pharmaceutical process development and optimal operation

Keynote: Salvador Garcia, Eli Lilly and Co

Particle simulation & digitalization in the chemical industry

Rouven Weiler, BASF SE

Mechanistic modeling for solid oral dosage forms: foundations for an industrial roadmap

Fanny Stauffer, UCB Pharma

Transforming pharmaceutical development; AI and physics-based modelling going hand in hand

Geert Craessaerts, Johnson & Johnson

Next-Generation continuous manufacturing for solid oral dosage forms

Keynote: Dan Blackwood, Pfizer

CLOSING & DEPARTURE 16:15 - 16:30
